Description

This one has everything on your list! The seller has just completed a long list of renovations and the quality shows. The kitchen has been completely remodeled with new Shaker style cabinets, granite counters and brand new stainless appliances; there's a new water heater, new roof, new HVAC (inside & out); new flooring and fresh paint. There's literally nothing you won't like here. Only 10 minutes from I-59 so you can enjoy the country atmosphere, but still have an easy commute to the city.
