Supplier Registration: Real Estate Broker-Agent Quick Reference Guide

ProcureOne

Registering as a Broker or Agent

- Registering in ProcureOne enables Fannie Mae to contact you when there are relevant sourcing events in your area. However, it is necessary for you to register within ProcureOne even if you have an established relationship with Fannie Mae.
- There are two steps to registering:
 - Create account
 - Log into account and provide additional supplier information
- Brokers and Real Estate Agents each have their own Supplier Type. Brokers and Real Estate Agents should each register under the appropriate type, using the **Brokerage Name, DBA (if applicable), Address and Tax ID**
- Before registering, Real Estate Agents need to know their Broker license number
 - On the Credentials tab of the profile, Real Estate Agents and Broker will have to input the BROKER License ID # (license number). This will associate Real Estate Agents to a Broker, and the Broker with their Real Estate Agents within the system.
